Muhammad Faizan Alam

Software Engineer

INTRODUCTION

Software Engineering graduate with hands-on experience in web development and a growing specialization in Artificial Intelligence and Machine Learning. Skilled in developing responsive and user-friendly websites while also exploring AI-driven solutions, data analysis, and intelligent systems. Proficient in technologies such as Python, C++, and modern development tools, with a strong passion for innovation, problem-solving, and continuous learning. Currently seeking opportunities in AI and Machine Learning to apply technical knowledge, enhance practical experience, and contribute to impactful technology solutions.

EDUCATION

- Bachelor of Science (BSc) in Software Engineering 2022-2026

CERTIFICATIONS

Full stack web development – Prime Minister's Youth Program (NAVTEC) December - 2024

PROJECTS
